INTERNATIONAL STUDENT CONFERENCE 2022
CITIZENSHIP EDUCATION IN DIVIDED TIMES: BUILDING CONNECTIONS THROUGH VALUES
Principles of transparent evaluation

DATE OF ISSUE 31st January 2022

ISSUED BY Network Manager

To whom it may concern

To ensure the highest possible transparency and uniformity in the evaluation of proposals submitted for the International Student Conference, 2022 the following principles have been implemented:

- (1) Submissions are administered by a person designated by the CitEdEV Network Manager - the Administrator. The CitEdEV Network Manager is the only person who knows their identity.
- (2) All received proposals will be given a unique code with which they will be forwarded to the Working Group Doctoral Students (WG) - the evaluators. The Administrator is the only person with access to the database of generated codes and also the only person who will have access to all the applicants' information.
- (3) Once the proposal is submitted and the submission period expires, the submitter will receive an official confirmation of the receipt of the proposal and of its forwarding to the evaluators.
- (4) All the abstract/proposals will be evaluated by the WG as plenary, which will discuss it in terms of Selection Criteria of Proposal Evaluation and decide on the possible acceptance of the proposal. The decision of WG will be final.
- (5) Once all the submitted proposals are evaluated, the opinions on the acceptance/rejection of proposals will be forwarded to the Administrator who will contact all the submitters subsequently with the decision about their submissions.
